

推薦老師姓名：Mr Cho Ching Wai

書籍名稱：" Steve Jobs "

作者/編者：Walter Isaacson

分享感言：

Based on more than forty interviews with Jobs conducted over two years - as well as interviews with more than a

hundred family members, friends, adversaries, competitors, and colleagues - Walter Isaacson has written a riveting story of the roller-coaster life and searingly intense personality of a creative entrepreneur whose passion for perfection and ferocious drive revolutionized six industries: personal computers, animated movies, music, phones, tablet computing, and digital publishing.
