If you feel bored with your studies and would like to recharge your batteries, this hilarious book is a must for you. I am sure you will find this book totally unputdownable. I also guarantee you will laugh your head off while reading the book.

The story is about Greg Heffley, who decides that he is officially retired from any kind of sport after a disastrous competition at school. However, his mom persuades him to give it one more go and makes Greg reluctantly agree to sign up for basketball.

Spoiler Alert: The following picture shows how ridiculously unpredictable the ending is but mind you, prepare yourself mentally for something even more funny peculiar but also funny ha-ha!

This edutainment book has an unrivalled blend of a really good sense of humour and a golden opportunity of improving your English - what a great way of killing two birds with one stone, so I recommend it to you all without reservation!
